

Puppy Questionnaire

The following questions are being asked of you so that the right puppy and the right placement of each puppy is made by bringing the various requirements of both the puppy and his or her new owner(s) into perspective, BEFORE a choice is made. I hope you will agree that the animal's welfare must be the foremost importance in considering a placement. Thank you for your inquiry about owning one of our Labrador puppies. Below are some questions that will help us to get to know you. Note that the more information you can provide, the better we will be able to help determine the best puppy for your situation and whether a Labrador puppy from us will be the best option for you.
